

A presentation by Chinook Food Connect  
in partnership with Lethbridge Public Library

PANEL PRESENTATION:

## REDUCING OUR FOOD WASTE

Friday, April 22 at 11:00 am—12:30 pm

@ Lethbridge Public Library and participating Libraries  
throughout the Chinook Arch Library System (via live videoconference)

### In Celebration of EARTH DAY — “Reducing Our Food Waste in Landfills”

This presentation will focus on the topic of household food waste and how we can all play a part in reversing this trend. A question and answer period will follow the presentation.

#### Presenters include:

**Heather Gowland**, Education & Community Initiatives Specialist with the City of Lethbridge, Waste & Recycling Services. Heather holds a diploma in Environmental Assessment and Restoration, a B.A. Sc. in Environmental Science, and has formal training and experience in Education. Heather has lived in Lethbridge on-and-off for most of her life, and grew up mainly in the Georgian Bay region of Ontario. Fun fact: Heather is one of the few people who loves the wind in Lethbridge!

**Cory Armfelt**, Director of Planning, Town of Taber

Cory has over a decade of direct municipal experience and has a career niche in finding solutions to municipal problems through dialogue and partnerships. His interests currently are in economic development, resource sharing between municipalities and emergency management.

**Don Francis**, COO of Envirocan ([www.transformingwaste.ca](http://www.transformingwaste.ca)) Mr. Francis is responsible for the Envirocan group operations across Canada. Don has over 25 years of senior leadership experience. Prior to Envirocan, Mr. Francis managed Waste Management (WM) of Canada's operations in Western Canada, transacting numerous acquisitions and joint ventures. He managed hauling, landfill and recycling operations throughout Western Canada and the Pacific Northwest. In addition to his direct corporate responsibilities, Don provides Management Consulting Services to a broad group of clientele ranging from the energy sector to transportation and manufacturing. Mr. Francis graduated from S.A.I.T. in Communications and earned an MBA, Faculty

### A 2nd Earth Day Event— Apr. 22 at 3:00 pm Film Screening, “JUST EAT IT”

@ Oldman Watershed Council and Environment Lethbridge Office, 319—6 St. S. Leth.

This Free screening is sponsored by Environment Lethbridge and OWC in partnership with Chinook Food Connect
