

HELEN SCHULER NATURE CENTRE *Discover it here!*

Lethbridge's Nature Centre is offering virtual curriculum-based fieldtrips!

Designed for classes & families with children in Kindergarten – Grade 6.

Join education staff online & discover the amazing plants & animals found throughout the seasons in Southern Alberta.

EACH VIRTUAL FIELDTRIP INCLUDES:

Pre & Post Presentation *Activities

- Materials provided by the Nature Centre, activities led by teachers or parents.

Interactive On-line Presentation

- Led by Nature Centre staff using MS Teams.

**All activities will be provided by the Nature Centre.*

ECS
Gr.1

Rabbit's Adventure

Go on an adventure in the river valley!

Learn about the needs of local animals while helping Princess Bunny find her crown.

ECS
Gr.1
Gr.2

Who am I?

Discover some of the amazing adaptations local animals use to survive winter in Southern Alberta.

Gr.1
Gr.2
Gr.3

Owl Prowl

Who has amazing senses? Owls do! Explore some of the ways that local owls use their senses.

Gr. 4

Waste Case

Learn about conscious consumerism & the science of waste systems. This module will engage critical thinking around needs, choices & consumer responsibility.

This fieldtrip is a video series.

Gr. 5

Wetlands

Explore the Elizabeth Hall Wetlands & discover the plants & animals that make this ecosystem unique. Take a closer look at the microscopic invertebrates that live in the pond using our WentzScope™!

Gr. 6

Mystery in the Coulees

Something strange has happened in the Nature Reserve!

Help Nature Center staff analyze the evidence & learn to identify animal tracks & signs along the way.

Cost: \$65 per class | *\$20 for each additional class
